

RETURN OF SEARCH WARRANT (SW#20190004)

I certify that on 01-04-19, I executed Search Warrant Number SW#20190004 issued by the Honorable T. Dickerson and that the below items were taken from evidence and analyzed and then placed back into property:

- 1.) One Black Samsung Galaxy S9 Cellphone, (IMEI#356417097200527) impounded as item #1419-6

Your affiant is aware that, based upon the high volume of data to be processed and examined, the recovery of data by a forensic analyst takes significant time. For this reason, the "return" inventory contains a list of only the tangible items recovered. Unless otherwise ordered by the Court, the return will not include evidence later examined by a forensic analyst; however, all results will be presented by your affiant or your affiant's designee and later forwarded to the prosecutorial agency as evidence, at a later date.

This data will be provided to the Case Agent and a copy placed in the case file on record with CCSO. All evidence recovered from the above items will be incorporated into CCSO DR#18-44529.

Detective Ryan Olmstead #1419
Cochise County Sheriff's Office
